Mr. Gaurav Podar

Mr. Harsh Podar

## From the Editorial Desk

*The more you read the more things you know.  
The more that you learn the more places you'll go .  
- Dr.Seuss"*

Dear All,

As future citizens of tech savvy 21st century, we have to inculcate and encourage a spirit of curiosity and out of box thinking in our children. Every child is the joint responsibility of the parents and the school. For continuous improvement and up gradation, it is essential that the parents and students are aware of the multitude of activities taking place at the school.

e Pathshala, the monthly digital newsletter of Podar International School, Chakan is an attempt to strengthen the parent-student-school bonding by providing information about the latest happening of school and also giving the student opportunity to express their ideas and thoughts. Dear parents and students, together let us explore, understand and move ahead on the road of progress.

Warm Regards

Mrs. Simran S Kaur  
**PRINCIPAL**

## ANNUAL DAY CELEBRATION

The 9th Annual Day of PIS-Chakan was celebrated on 29th January 2018 at Ankushrao Landge Auditorium, Bhosari. "Being Humane" the theme of the annual day laid stress on fostering and enriching values of care, concern and empathy among people. The Primary and Secondary shows were well attended by parents and well received.

## Women's Day Celebration in PIS,Chakan

*"I alone cannot change the world ,But I can cast  
a stone across the waters to create many ripples"  
Mother Teresa..*

On the occasion of International Women's Day, a special assembly was conducted by students of Grade 7 B and it was not less than a treat for all the beautiful lady teachers of our Podar International School,Chakan to listen to such magnificent words and phrases composed by our dear students. A remarkable collage was displayed on the soft board showing teacher's strength and personality. Teachers and housekeeping ladies were also appreciated by our Principal Madam. Hurray! Three cheers for our school and for our school staff.

## Our Achievers

The Students of PIS-Chakan participate in the International/National olympiads . The medal winners for the year 2017-18 were awarded and felicitated in a special assembly.

## Parent Orientation Program- 2018-19

Parent-Teacher relationship plays an important role in growth of students. We foster students learning through joint efforts of parents, teachers and the school. Keeping this in mind a series of Orientation Program was organized under the able guidance of Principal Mrs. Simran Kaur for the parents of all the grades at Podar International School CBSE Chakan from 21st to 30th March 2018.

**1.What were your dreams when you were a child?**

I was born in Jamshedpur and wanted to become a doctor, but the city lacked medical colleges and so I selected art stream over science stream.

**2.Who inspired you to become a teacher?**

I was inspired by my first guru that is my beloved mother ' Harbhajan Kaur' who was a fascinating mythological storyteller and a good singer as well. She has groomed me as well as my siblings with a lot of moral values.

**3.What was your feeling when you joined Podar as principal?**

10 years back I joined

Podar International School as a Principal

The school was till 5<sup>th</sup> standard. I worked as

a teacher in many schools in UK, Oman etc.

other than PIS-Chakan. When I joined podar

my interaction with the students was less, as they couldn't converse in

English. Most of them were first generation of English learners, and I couldn't understand their regional language.

**4.What is lacking in today's children?**

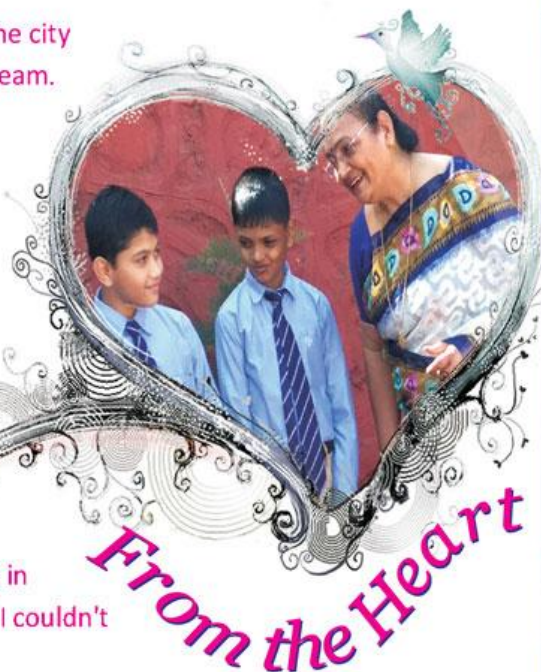

The bond between teacher-student, moral values and social responsibility. According to me it should be a joint effort from both parents and teachers as well to inculcate these values in children.

**5.What message do you want to convey to this generation?**

Be good, humble, respectful and helpful towards all as you all are the future citizens of this great nation. Be proud of your country and do not get carried away with social medias.

**6.According to you, what is the teacher's role in shaping a child's life?**

A teacher must motivate her students and help build his/her confidence. Sometimes she must share her school days memories so that students will realize that every individual has to undergo many training sessions during school days. Besides she must spend at least five minutes everyday playing with them so as to create a special bond.

## Students Corner

## Change... for the good

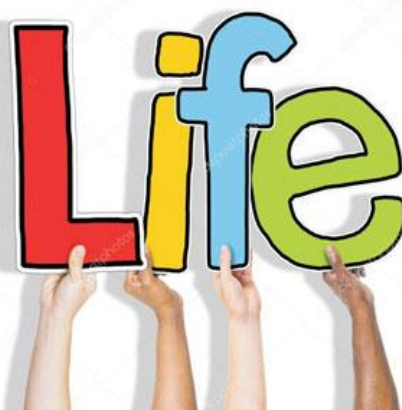

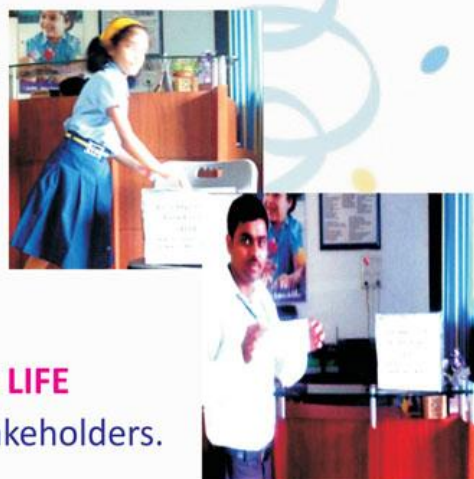

### "SWEET TWEETS" and "WEEKLY REFLECTIONS"

Students are being involved in a class activity which is fostering feelings of mutual appreciation and understanding among the students. Self-appraisal and student-proposed corrections measures has been helping them improve their own morals.

### LIFE (Little Improvement From Everyone)

"Alone we can do so little; together we can do so much". As per the above mentioned quote it is important to work together to achieve higher goals. PIS Chakan began implementing a continuous improvement program called **LIFE** in the A.Y 2017-18 from all stakeholders.

### "e-पाठशाला" the monthly school digital news letter

A monthly school digital newsletter by the teachers and students, will be sent as a soft-copy to the parent community to kindle their interest and inquisitiveness about the various activities at school and will contain contribution from the teachers and students as well. The first edition of e-पाठशाला is being inaugurated in the first PTA meeting held on 28th of April 2018. We look forward to continuous support and inputs from our students and parents.

e-पाठशाला the monthly school digital news letter can be viewed on the school website [www.podar.org/school/chakan](http://www.podar.org/school/chakan)
