Finale performance with Anchors

Carnival refers to any merrymaking, feasting or masquerading especially one that oversteps the bounds of decorum. It is also used to refer to a period of merriment and revelry in Roman Catholic countries during the week before lent. The carnival of PIS Ambegaon was held on 18th of Jan 2014 in the premises of the school. PIS had organized carnival through which they explored the history of the world. 'The Back in Time'- Carnival was the concluding event for the school-wide theme & Integrated English module 'Time **Detectives - Exploring the Past**'. It proved to be a very special day as it was amalgamated with the annual day of STD 1st and 2nd. The '**Back in Time**' carnival was a great opportunity to invite families and friends of students to the school.

Principal madam Mrs Anagha Gholap welcomed the parents and invigorated the tiny participants of STD 1st and 2nd to make the event picturesque. She also delineated the theme and propulsion of the day in brief. Mr Anshuman Joshi, who played a leading role in the Marathi movie "Shala", "Chandi" was the chief guest for the event. He shared the experiences of his childhood and encouraged the children to be enthusiastic about what they do. Our creative & energetic students from STD 3rd to 9th had set up the surrounding by using their various skills & talents. Our little champs from STD 1st and 2nd tried to bring the feel of the time through their performances and roles.

The world we live in today was shaped by the people who lived before us - artists, scientists, merchants, laborers, slaves, kings and queens, explorers, inventors, religious leaders, and farmers. History reveals their stories—their challenges, victories and tragedies, ideas, art, ways of governance, family life, and how they shaped the world. Learning about the past helps us to better understand the world today. Each division, from the 3rd Standard onwards, was assigned a 'Historical Profile' which they represented by decorating their classes with the live characters of the culture and showing various artifacts of the period at the 'Back in Time- Carnival'. The children also tried The Back in Time - Carnival encapsulated a visual journey through which visitors experienced the past for themselves. The theme gave students several opportunities to investigate, interpret, relive and analyze multiple historical and present-day viewpoints within and across cultures. Thus, the students as well as the parents left the premises with the joyous and pleasant feeling in memory of the exuberant performances of the students and the scintillating and exhilarating surrounding of the school.

Republic Day

Dance - Sare jaha se acha

March past

Speech by Principal Madam

The 65th Republic Day was celebrated with great pomp and show on the bright and beautiful morning of 26th January, 2014. The programme triggered off with the welcoming of the Chief Guest, who was none other than the Principal, Mrs. Anagha Gholap. Flag Hoisting followed by singing of the National Anthem commanded respect from one and all presented at the function.

In her speech the Chief Guest highlighted on determination and hard work linking it with the theme of Destination Outer Space.

The students of Std IX presented a wonderful skit depicting the new project taken up by ISRO 'India's mission to Mars'. It was a delightful sight to see the students dressed up as Mars' people. The beauty of India and the unity in diversity was well brought out through various parts of the skit. Students of Std. II performed a beautiful patriotic dance cum fashion show. Students of Std. I and II (AS) also showed their dancing talents with a patriotic fervor.

The show ended with the vote of Thanks.

Destination outer space

Inaugural Assembly

Date: 2-1-2014

Venue: PIS , Ambegaon

The purpose of the inaugural assembly was to launch the theme, "Destination Outer Space - An Intergalactic Adventure", which would focus on exploring space and would help the students understand that the universe is a large place of many wonders. It is important for students to be introduced to the concepts of outer space and astronomy so as to instill a sense of awe and wonder in them and inspire them to further investigate it.

The inaugural assembly was organized by students of Std. VIII A on 9th January, 2014 to spark interest and create excitement at the beginning of the project. Information was given on the various planets of the Solar system. Also facts and figures about planets and outer space were shared. A quiz was conducted at the end of this session.

Sir Isaac Newton's Birthday

Date: 3/1/2014

Venue: PIS, Ambegaon

Sir Isaac Newton is one of the most notable scientists of all time. He came up with numerous theories and contributed ideas to many different fields including physics, mathematics and philosophy. He is considered by many scholars to be one of the most influential people in the history of the world. So in order that students know more about this prominent personality, it was decided to celebrate his birthday on 3rd January, 2013.

Students of Std. VI-A through their skit presentation and quiz got the opportunity to explore the life of Issac Newton.

The skit inspired and influenced our thoughts. It is for us to learn, understand and imbibe some of his attributes into our own lives.

The students learnt that out of adversity you can achieve things, if you have the determination.

Makar Sankrant

Date: 13/1/2014

Venue: PIS, Ambegaon

The purpose of this assembly was to help make students more aware of the Makar Sankranti festival, one of the major harvest festivals celebrated in various parts of India with great devotion, fervor and gaiety.

At the assembly, selected students from Std. II Aster projected how it is celebrated in the different states of India. This assembly presentation helped the students have a better overview of the festival and how it is celebrated in different ways, yet with a common thread running through them.

A boy and a girl were selected to represent each state. They were trained in advance as to how they would demonstrate, through actions and costumes, the celebration of the festival in different states like Maharashtra, Uttar Pradesh, West Bengal, Tamilnadu, Karnataka, Gujarat, Punjab and Assam.

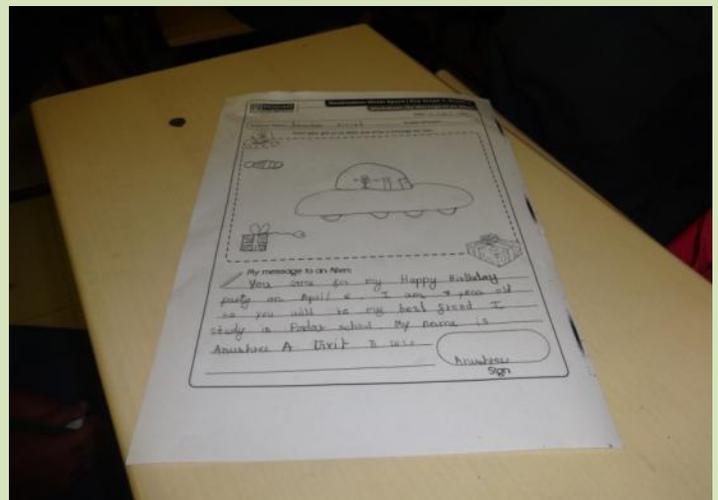

It was fun to watch the tiny II std. students dressed in colourful and traditional costumes showing how one festival of Makar Sankranti was celebrated in many different parts of India thereby depicting the Indian Culture and its vastness.

Express Yourself

My message to an Alien

Std: I & II

Venue: PIS, Ambegaon

An Activity named as "Express Yourself" was held in Podar International School's, Ambegaon Campus. The students of std. II and III were participated in it. The student's enthusiasm made the activity grand success. The topics were so interesting that it made the students to work actively. Especially the students of std I showed their spark through the painting of Aliens pictures and messages .In the same way the students of std II expressed their feelings towards Aliens through their drawings.

Students proved their concern towards Aliens through their messages to Aliens. They depicted the pictures of Aliens which were telling us about their lifestyle, about their names, about their food iteams, about their birthdays and all. In short the students of both standards created the world of Aliens in form of pictures and messages.

The activity got ended with the meaningful messages send to the Aliens .Through the activity students were able to prove their capacity and knowledge of Aliens.
