**Safety And Care**: - School teachers will accompany the students. However whilst every possible care will be taken for a safe and smooth trip, students should ensure that they abide by all the instructions given and stay with the team all through.

Students learn objectives from this field trip.

- It furnishes an opportunity to check out books and conduct your research work.
- Visiting the library can encourage reading and exploration in children. Children can also learn about different genres of books.

## Note:-

1.Students should refrain from carrying/wearing expensive belongings

2. Parents are requested not to send any cash/gadgets with students.

If your ward is interested in attending the field trip ,Please hand over the filled up form to the class teacher before starting the trip.
